

TEMPORARY HOUSING SOLUTIONS

Cotton can customize a site to your specific needs, manage the daily operations of the site and provide the supply and distribution of goods and services necessary to ensure your site runs efficiently.

Temporary Facilities

- Lodging – man camps, portable and modular buildings, bunk trailers, dining halls, recreation and break centers
- Medical – tents, mobile units, infirmaries, drug-screening facilities
- Ablution – shower trailers, restroom trailers, port-a-lets, hand washing stations, laundry trailers, decontamination chambers, waste water collection system
- Food Preparation and Distribution – mobile kitchen units, full-service modular kitchens
- Business and Education – portable office and classroom space, mobile command centers, laboratories

Logistics and Management

- Management and Site Safety – in-processing and tracking, training, safety and quality control officers, logistics managers, life/health/safety planning
- Water Supply – potable, ice, waste storage and disposal (grey/black)
- Temporary Power – generators, light stands/towers
- Fuel Supply – delivery and storage of diesel and gasoline
- Portable Cooling and Heating Units
- Catering – box lunches, snacks, hot and cold meals and beverages, customized menus
- Laundry – full service fold and fluff, dry cleaning on a 48-hour schedule
- Furniture and Equipment Rental – office, bunk beds, cots, medical, tables, chairs, electronics, gaming
- Sanitation and Environmental – janitorial services, hazmat response, waste management services

Ancillary Services

- **Site Evaluation and Preparation** – title searches, permitting, engineer analysis, topography, land grading
- **Security** – guard posts and towers, fencing, manned entry gates
- **Transportation and Storage** – reefer trailers, dry storage trailers, holding tanks, portable containers
- **Information Technology and Communications** – ISDN, DSL or Satellite data access for the administration of the camp operations
- **Moral, Welfare and Recreation** – break centers with televisions, cable or satellite, table games, board games, cards, computer stations, refreshments

Advantages of a Turnkey Temporary Housing Site

- Improvement of overall operational efficiency by reducing lost man hours resulting from extended time spent traveling to and from the job sites.
- Workforce turnover is greatly reduced by providing your management team and employee staff clean, efficient and comfortable housing.
- A turnkey facility allows for workers to relax and recover after a long day in clean, comfortable rooms or recreation area while their basic needs are met (catering, laundry services, recreation and shower facilities), which results in greater workplace efficiency.
- Use of modular facilities enables the flexibility to scale up, down or relocate part or all of your workforce as job site changes dictate.
- Temporary housing sites provide a safe and controlled environment for workers and staff.
